September 22, 2020

Woodland Hill Families and staff,

I hope this update finds you all safe and well. I know this is a challenging time for families and staff; we are doing what we can to assist in this transition to a new way of educating our students. This school year opening for us was one unlike any other ever experienced in the history of education. We continually consider the health and safety of all our staff and students while creating a 100% distance learning method of delivery and receiving instruction. In our current climate though nothing is concrete, and each day brings new guidance which requires us to adapt. We believe at this time we must send out the information as it stands right now. As noted by John Hopkins University the current COVID-19 status of Allegheny, Pennsylvania under the “Number of Cases in Last 14 Days” has not seen a decline of positive COVID-19 cases. As such, The Woodland Hills School District will not be adding students to our in-person instruction programming for the next 30 days. As stated in our reopening plan the District will only increase in person learning when there is a 14-day decline in positive COVID-19 cases within Allegheny County. During the week of October 19th, County COVID data will be reviewed again and a decision will be made to determine in-person instruction.

To have a successful return to school I implore you all to please follow the recommended CDC guidelines to limit personal exposure to the COVID-19 virus. If you are exposed please get tested and quarantine. By limiting the exposure to others in our community will help us reopen faster and make the reopening sustainable.

Thank you for your continued cooperation and patience

Sincerely,

James P Harris
