March 30, 2020

Dear Woodland Hills Community,

Our School District is committed to providing all students with educational experiences that will prepare them to successfully transition into the real world, a commitment that should not change during the COVID-19 Pandemic. Since at this time students are unable to return to the school buildings, the District needs to implement a virtual instruction model approved by the state. Currently, not all of our students have access to the appropriate technology and providing these resources are beyond the district’s set budget. Because of this deficit, our students are missing out on vital instruction time and without access to virtual learning opportunities, they could possibly go five months, including summer break, without any formal education.

Woodland Hills School District is seeking donations to help purchase 700 Chromebooks in order to move forward with educating our children. We need to ensure that every one of our students receives the learning opportunities that will encourage and motivate them to meet all expectations to become college and career ready.

If you would like to contribute a monetary donation you may do so electronically at the Woodland Hill Foundation’s website: https://www.woodlandhillsfoundation.com/ Check or money order can be made out to the Woodland Hills Foundation c/o Chromebook Fund or checks can be mailed to the Woodland Hills Foundation, P.O. Box 321, Turtle Creek, PA 15145. The Woodland Hills Foundation is a 501(c)(3) and tax exempt.

Thank You in advance for supporting the future success of our students. #covidwillnotwin_wh2020.

Yours in Education,

Dr. Phillip K. Woods
Principal
